

General Scientific Meeting of the

Belgian Physical Society

Ghent University – Het Pand
18 May 2016

This annual one-day conference brings together physicists from Belgian universities, Belgian high schools and higher education schools, as well as Belgian industries and companies. Its main aim is to establish links and stimulate collaborations between research groups working at different research institutions within Belgium, and to provide a platform for Belgian high school teachers to get updated on the current state of the art in physics.
