

Ghent GW day

Thursday, 18 November 2021

Afternoon session: noise in GW detectors and quantum technology (15:50 - 17:10)

-Conveners: Daniela Pascucci

time	[id] title	presenter
15:50	[17] GW detector noise and quantum squeezing	DANILISHIN, Stefan
16:20	[18] Theoretical aspects of quantum squeezing	VERSTRAETE, Frank
16:40	[19] The "null stream" of GW detectors	SINGHA, Ayatri
16:50	[20] Wrap-up discussion: GW detector noise
